

# Smart Snacks in Schools

- ☐ Identify all areas of the school where food is sold (cafeteria, school stores, teacher's classroom, vending machines, car lines, etc.) and who is responsible for selling it
- ☐ Distribute the Smart Snacks guidelines in the school to those responsible for selling food using this link [A Guide to Smart Snacks in School \(azureedge.us\)](https://azureedge.us)
- ☐ Assist the group with identifying Smart Snacks items using the Alliance for a Healthier Generation's Smart Snacks calculator [Smart Snacks Product Calculator \(healthiergeneration.org\)](https://healthiergeneration.org)
- ☐ Decide if the items being sold meet Smart Snacks Standards. If they do share the group's efforts in the daily announcements, school marquee, or school newsletter.
- ☐ Create a list of non-Smart Snack compliant items to share with Administration for consideration of removal and provide alternatives.
- ☐ Every three months randomly select items being sold and determine if they meet Smart Snack standards.
- ☐ Order Smart Snack one pager from [Team Nutrition](#)
